You Can Depend on Highland Quality

Profitable Feeds for Livestock and Poultry. They Lower Your Cost of Production and Make You More Profits.

Through constant research and experiments the Ralston Purina Co. can be depended upon to give feeders the newest and best combination of feed ingredients. On the 740 acre experimental farm—chickens, hogs and cows determine which formula is most economical.

## A Word to Gardeners and Farmers

Our stock is selected with the greatest possible care, both to trueness of variety and germination test. and while in common with other seedmen, we cannot guarantee the resulting crop, our customers may rest assured that we will exert every effort to get the most pure and best seeds obtainable for our stock. Our nearness to you makes both for the personal desire to please customers whom we know and often meet, and convenience to you in ordering and quick delivery. We maintain for the entire San Juan Basin retail service where a welcome awaits you. We invite you to our stores whether you buy or not. Perhaps we can offer some profitable suggestions in going over your gardening or farming problems.

### LAWN SEED—

To secure best results use one pound of lawn seed to each 200 square feet of well prepared seedbed.

### GOLF BRAND LAWN SEED

1 lb.-----\$1.50    5 lbs.-----\$7.35    25 lbs.-----\$35.00

Durango, Except Where Otherwise Stated.**

## NITRAGIN

### NITAGRIN—Inoculant for Legumes.

We encourage the inoculation of all legume seeds whether planted on old or new fields. It costs but a few cents per acre to convert legume seeds into fertilizer plants and it's risky to depend on natural inoculation.

#### (A-B) COMBINATION—Alfalfa, White & Yellow Sweet Clover, Hubam, Red, White Dutch, Alsike and Ladino.

1 bu. size ea. ----- .55      2 bu. size ea. ----- .95

## ARASAN COATED LEGUME & GRASS SEEDS NOW AVAILABLE

Thicker stands, stronger growing plants and uniform stands across the field are the benefits from treatment of grass and legume seeds with Du Ponts ARASAN. ARASAN applied with a Calkins Slurry Treater helps assure a good "catch" because it protects the tiny seeds against rot and seedling blight. We will treat with ARASAN for only 2 cents per lb., \$2.00 per hundred. Order your treated Grass & Legume seeds early to avoid delay at planting time.

## PASTURE MIXTURES

### HIGHLAND PASTURE MIXTURE

An excellent mixture for permanent pastures on good fertile, well drained soil. A balanced blend of grasses and legumes that gives top yields. Formulated in cooperation with the Extension Service and the Soil Conservation Service especially for the San Juan Basin.

Brome Grass, smooth	-----	32 lbs.
Orchard Grass	-----	24 lbs.
Meadow Fescue	-----	24 lbs.
Ladino Clover	-----	5 lbs.
Alsike Clover	-----	5 lbs.
Red Clover	-----	5 lbs.
Total (enough for 5 acres)	-----	95 lbs.
Under 10 lbs.. 60c; 10 lbs. to 95 lbs.	-----	.44
Per 95 lb. bag	-----	41.00

**MORTON'S PASTURE MIXTURE**

A good permanent pasture mixture providing grasses for top yield over a long grazing season. The legume portion consisting of Yellow Blossom Clover must be replaced every two years.

Brome Grass, smooth .....	32 lbs.
Orchard Grass .....	24 lbs.
Meadow Fescue .....	24 lbs.
Timothy .....	10 lbs.
Yellow Blossom Clover .....	10 lbs.
Total (enough for 5 acres) .....	100 lbs.
Under 10 lbs. 45c; 10 lbs. to 100 lbs. ....	.36
Per 100 lbs. bag .....	35.00

**MIXTURE FOR WETLAND PASTURES**

Where the soil is poorly drained or subject to seep, this permanent mixture will give high forage yields of good quality.

Brome Grass .....	30 lbs.
Tall wheat grass .....	35 lbs.
Alsike Clover .....	20 lbs.
Strawberry Clover .....	15 lbs.
Total (enough for 8 acres) .....	100 lbs.
Under 10 lbs. 80c; 10 lbs. to 99 lbs. ....	.70
Per 100 lb. bag .....	69.00

**SMALL GRAINS****CLEANED and TREATED**

All wheat barley and oats are **cleaned** and **treated** with Ceresan Slurry. For untreated grain deduct 15c per cwt. (Special order only).

Prices quoted are f.o.b. Durango. f.o.b. Cortez price will not exceed 20c cwt. additional.

## SEED DISINFECTANTS AND FUNGACIDES

**COPPER CARBONATE, 50%, 5 lb.** ..... 2.55

Copper Carbonate kills smut spores, insures your crop by treating your seed for smut.

### DU PONT SEED DISINFECTANTS—

Most growers are familiar with the destruction of potatoes, damping-off of all small seedlings and many similar diseases, which are surface seedborne. DuPont Seed Disinfectants pay large profits by destroying disease organisms before they can do damage by preventing seed rotting in cold, wet soils, by producing better stands of more vigorous plants, by increasing yields, and by improving crop quality.

**ARASAN, for Grasses, Legumes, Seed Corn, and many vegetable seeds.**

CONTROL—  
—BUGS  
—WEEDS

### AIRPLANE APPLICATION OF INSECTICIDES AND WEED KILLERS

Our custom airplane application has been proven a quick and effective means of weed control in cereal crops and the only thorough applicator of insecticides.

The cost is low and the work is satisfactory and effective. Especially valuable this year will be savings of scarce man hours as required by other methods. If you have a weed problem or if weevil or grasshoppers become a menace you should contact us for immediate control.

FOR ADDED PROFITS — SPRAY  
FOR ECONOMY — AERIAL SPRAY

# BABY CHIX . . .

**Order** Everybody wants good chicks this year  
 —so see us today to place your order.  
**Early** Our chicks are strong and vigorous . . .  
 bred to live, lay and pay.  
**They** are Bred for High Production.  
 Come from Bloodtested Flocks.

Parent flocks get a special breeder ration. What a hen eats has a lot to do with vigor and livability of her chicks. Parent flocks are fed Purina Layena or Purina Breeder Lay Chow and grain. The rations pack the egg with nutrients needed during the 21 days in the shell plus a reserve to get the chick started with a bang.

## DAY-OLD CHICKS—F. O. B. DURANGO.

**HY-LINE HYBRIDS**—These are the first chicks bred like good hybrid corn—chicks that are bred to build your profits! Mature early, surge fast into peak production, and have the ability to lay 12-14 months without a let-up. Out-lay other breeds in farm tests by about an extra case of eggs a month per 100 birds.

	Straight Run	Pullets	Cock- erels
Delivery Feb. 9th thru April 18th	31c	62c	9c
